

Facebook Post

Hi friends!

As most of you know (but some of you might not), I am a part of KSU Flashathon, a student run philanthropy for Akron Children's Hospital, specifically the cancer unit! We are a group of over 400 college students who believe that coming together for such a worthy cause has no limits. Akron Children's works tirelessly with the belief that every child deserves a lifetime, and I am choosing to join them in that fight every day. I am not just asking you to help me reach my goal of **[insert fundraising goal]**, but I am asking for you to help change lives and make an impact that is larger than you could ever believe. Donations can be made online at my fundraising page: **[Insert Donor Drive Link]**.

Thank you for considering donating to such a worthy cause!!
